What Is Flair Airlines? A Quick Overview

Flair Airlines is Canada's leading ultra-low-cost carrier (ULCC), offering affordable flights to major Canadian cities as well as select US and sun destinations. Headquartered in Edmonton, Alberta, Flair operates an all-Boeing 737 fleet and is known for its unbundled fare model, which means passengers pay separately for services like seat selection, baggage, and in-flight extras. Because of this a-la-carte pricing, understanding how to select seat on Flair Airlines ahead of time will save you money and stress.

Why Seat Selection Matters on Flair Airlines

If you skip seat selection, Flair Airlines will automatically assign you a seat at no charge during check-in. However, this random assignment may mean:

- You are separated from travel companions or family members.
- You are placed in a middle seat with limited legroom.
- You end up in a rear section that boards last.
- Window or aisle seats may not be available by the time you board.

Step-by-Step: How to Select Seat on Flair Airlines During Booking

The easiest and most cost-effective time to choose your seat is during the initial booking process on the Flair Airlines website. Follow these steps:

1. Visit flyflair.com and enter your departure city, destination, travel dates, and number of passengers.
2. Select your preferred flight from the available options.

3. **3.** Choose your fare bundle. Flair offers Basic, Standard, and Plus bundles. The Standard and Plus bundles often include a complimentary seat selection.
4. **4.** On the Extras page, look for the "Seat Selection" option. An interactive seat map of the Boeing 737 aircraft will appear.
5. **5.** Select your preferred seat. Colour coding shows which seats are available, which are occupied, and which are premium (e.g., exit rows or front-of-cabin seats).
6. **6.** Add the seat to your cart. Standard seats have one price tier; seats with extra legroom (exit rows, first rows) carry a higher fee.
7. **7.** Complete your payment. Your seat confirmation will appear in your booking summary and confirmation email.

If you encounter any issue during online booking, agents at **+1(888)483-9719** are available to complete the seat selection on your behalf.

Flair Airlines offers a dedicated mobile app for iOS and Android. The app replicates the full booking and management experience, including seat selection. Once you have downloaded the app and logged in or retrieved your booking, navigate to 'My Trips', select your flight, and tap 'Seats'. The same interactive seat map lets you pick and pay for your preferred spot in seconds. Flair Airlines Seat Types: What Are Your Options?

To fully understand how to select seat on Flair Airlines, you need to know the seat categories available aboard their Boeing 737 fleet:

Seat Type	Features	Approximate Fee

Exit Row Seat	Extra legroom (~5-6 inches more), must assist in emergency	CAD \$25 – \$45
Front-of-Cabin Seat	Rows 1-5, faster boarding and deplaning	CAD \$25 – \$50

How to Select Seat on Flair Airlines at Check-In

If you have not selected a seat in advance, Flair Airlines opens online check-in 24 hours before departure. During check-in, the system may offer remaining available seats, sometimes at a reduced price or even free if the flight is not full. This is the last practical window for how to select seat on Flair Airlines without paying the standard advance fee. However, premium seats such as exit rows and rows 1-5 still carry a fee at this stage. After check-in, seat changes are only possible at the airport counter, subject to availability and fees. Call **+1(888)483-9719** for airport counter availability queries.

Flair Airlines Fare Bundles and Free Seat Inclusions

One of the smartest ways to handle seat selection is to choose the right fare bundle at the point of booking. Here is what each bundle includes with regard to seating:

Basic Bundle: No seat selection included. A free seat is auto-assigned at check-in.

Standard Bundle: One standard seat selection included at no extra charge.

Plus Bundle: One standard seat selection included, plus additional perks like carry-on and a checked bag.

Upgrading your bundle to Standard or Plus is often more economical than paying for seat selection, checked baggage, and carry-on separately. Need help calculating the best value? The Flair Airlines support team at **+1(888)483-9719** can break down the costs for your specific itinerary.

Tips to Get the Best Seat on Flair Airlines

- **Book Early:** The best seats go fast. Booking and selecting your seat at least 4-6 weeks before departure gives you the widest choice.

- **Travel Off-Peak:** Less-crowded flights mean more seat availability, including preferred window and aisle spots.
- **Check the Seat Map First:** Before paying for a seat, review the interactive map to understand the aircraft layout.
- **Use Standard Bundle:** If you need seat selection, upgrading to Standard or Plus bundle is often cheaper than adding it separately.

Special Circumstances: Families, Accessibility & Group Bookings

Travelling with Children

Flair Airlines has a policy to seat children (under 14) adjacent to an accompanying adult at no extra charge. To activate this, call **+1(888)483-9719** after booking, or use the Manage My Booking portal to request adjoining seats. It is advisable to do this as early as possible, since the system may not always auto-assign adjacent seats without a manual request.

Flair Airlines accommodates passengers with mobility challenges or other disabilities with priority seating in bulkhead or aisle seats. These seats are not available for general selection online; they must be requested by calling **+1(888)483-9719** directly. The airline's accessibility team will ensure you receive an appropriate seat at no additional charge, in compliance with Canadian Transportation Agency (CTA) regulations.

Group Bookings (10+ Passengers)

For groups of 10 or more, Flair Airlines recommends contacting their group sales team. Understanding how to select seat on Flair Airlines for large parties is best handled by phone, as block seating arrangements are not available through the standard online booking interface. Call **+1(888)483-9719** for tailored group seat assistance.
