

My name is Tony Okonmah and I am seeking re-election to ICSAN Council. I am passionate about ICSAN and Corporate Governance and have practiced Corporate Governance for more than 2 decades. My concern about our Institute aroused my interest in serving at Council level. I believe many of us are concerned too.

I therefore felt the challenge that the time has come for us to move beyond just being concerned to taking affirmative action.

Being on Council for the past 2 years and Chairing the Governance and Nomination Committee has been very impactful as my team have addressed to a large extent, the Corporate governance challenges of the Institute.

I am therefore offering myself for re-election with a view to doing more for our great Institute.

I want to be in the forefront of the vision and action that will drive the visibility that will genuinely reposition the Institute and return it to its pride of place amongst the Professional bodies in Nigeria.

By way of repositioning the ICSAN brand, I will continue to collaborate and engage with related Institutes for the overall benefit of ICSAN members.

I will continue to assist in raising funds for Institute's programs

Thank You

Tony Okonmah
